RTO STRUCTURE

(VERY IMPORTANT TO READ)

We accept RTOs for free till 9% and after that, other RTOs will be charged on packing charges, which will be a minimum of ₹10 to ₹30 (i.e. small package charge will be ₹10, medium - ₹20 & large - ₹30).

For example: If your total orders to date are 100 and your total RTOs received to date are 20, then as per our policy, your first 9% RTOs, that is 9 RTOs, will be free of cost and you will be charged only for the remaining 11 RTOs. So the total charge will be $11 \times 10 = ₹110/-$

If your total RTO exceeds 30%, the exceeded RTOs after 30% will be the ones that you need to **get back that RTOs to your address.**

For example: If you Ship 100 orders from our warehouse and we receive 40 RTOs then you will be charged for 21 RTOs, that is $21 \times 10 = 210/-$ (because the first 9 RTOs will be FREE) and the remaining 10 RTOs will be sent back to the your address.
